

A CAREER WITH FUTURE. WEDCO. WE DO.

We are a modern, well-known Austrian company in the metal processing industry. Our core competence lies in manufacturing and selling cutting tools. We stand out through high quality, know-how, flexibility and, of course, customer orientation.

We are looking for an experienced

Tool grinder (m/f/d)

Working hours: full-time

Sector: Metal sector

Location: Vienna, 1220

Your tasks

- Independent programming, setting up and operating CNC grinding machines
- Experienced dealing with measuring equipment
- Experienced in working with production drawings
- Active participation in CIP topics (Continuous Improvement Process)

Your profile

- Technical know-how in machining technology / metalworking (at least LAP)
- professional experience with CNC machines / grinding machines (ideally several years)
- Willingness for shift-work
- A sense of responsibility, flexibility and team-oriented
- Reliable and independent way of working

Our offering

- Pleasant working atmosphere in a leading international company
- 38.5 hours per week in shift work
- An exciting environment in a dynamic team
- Flat hierarchies with short decision-making paths
- Various benefits
- Extensive trainings and development opportunities

Your salary

We offer an attractive salary for this position that corresponds to your qualifications and experience: Monthly gross wage around € 2,300, plus collectively agreed allowances. Our willingness for over-payment is given for candidates with proper experience and/or qualifications.

We look forward to receiving your detailed application to bewerbung@wedco.at
